

## **Ann Behrens**

**Ann Behrens** teaches puppy class and advanced obedience classes, and occasionally assists with agility classes. She has been training dogs at QKC since 1971 and started teaching there two years ago. She owns two flat-coated retrievers, but has also owned an Irish Setter, Golden Retriever and a Brittany. Both her dogs are pointed in conformation and have earned CD, RM, AXP, AJP, TKA, and CGCA titles. Both dogs have earned Achiever Dog designation with AKC. She is a STAR Puppy evaluator, CGC evaluator, Trick evaluator, Temperament Test evaluator and an ACT evaluator for agility. Personal training challenges have included a three-year stand-off with the teeter with one dog, who eventually mastered it. The best part of teaching is watching the bond grow between handlers and their dogs, particularly in puppy class.
