

Linda Snider

Linda Snider teaches beginning obedience and CGC classes at QKC. She has taught here for 10 years and has been training dogs for twice that long. She currently owns two golden retrievers and one mixed breed, but has also owned a collie, cocker spaniel, and a Scottish terrier. She has put a CD, CGCA, RA, TKN, NAJ, and NA titles on her dogs. Her young golden is pointed in conformation and her older dog is an AKC achiever dog. She also had an older Golden who was a Rally National Qualifier. Linda is a certified AKC Star Puppy, CGC, and AKC tricks evaluator. She says that her four-year-old dog is the smartest dog she has ever owned but as a puppy they had problems with attention and behavior. Perseverance was the key and he has emerged as a fabulous dog, although he still has “Golden” moments. The thing she enjoys most about teaching is to see the dog and owner finally making a connection and advancing through the class levels or competing. Outside interests include music, spending time with her grandchildren, and attending dog shows.
