

Quincy Kennel Club

December 2022

Attend the Christmas party

The Christmas party will be December 10, 2022 at 6:30 pm. The club meeting will be held at the same time and will have some games to play.

Pizza will be served, some with gluten free options, with the club paying.

Please let Laura Hampsmire know if you will be attending no later than Thursday, December 8. Also let her know if you need the gluten-free option as well, or if there are other food sensitivities that need to be addressed.

Please bring your own drinks and if you wish appetizers, desserts etc. though it is not necessary.

Internet now available

The training building now has internet access! Yes, we have joined the 20th century.

The new router appears to have excellent speed, has already been used for virtual attendance during the last club meeting, and should prove useful for many applications.

The name of the wi-fi router is "quincykennelclub". Please ask a board member for the password.

Use of the internet at the building is for members only.

In our hearts

Mike and Becky Welch's Golden Retriever "Socks," recently passed away after a long and happy life. RIP Hunters Trace Sir Socrates. 8/4/09-11/26/22.

Emergency contact cards are available from club secretary Joe Coelho for a \$1 donation. Cards read: MY DOG IS HOME ALONE. If I am sick or injured, please contact the individual listed on the back of this card to care for my dog. The back has lines for writing in the emergency contact person.

For inclusion in the newsletter, please send your brags to Joe Coelho (secretary@quincykennelclub.com).

THE BRAG BOARD

It looks like we are bragging because we are!

Member Tammy Hawkins Cadwallader's German Shorthair Pointer bitch "Karma" had a busy November. Karma recently took Best of Breed and earned a Championship title in the International All Breed Canine Assoc., Inc. (IABCA) system at the organization's 2022 Autumn Sieger International Dog Show at Purina Farms.

Karma also earned the Advanced Senior and Senior Air Retrieve in dock diving with NADD (DSA Pending). She competed in the 2022 NADD Regional and National and qualified for the 2023 NADD Regional.

We are not sure we have all of her titles correct and current, but she is something like: IntCh USJ BIS U-CH All Day Karma Von Hege-Haus BCAT DS AS CGCA TKN.

She performed extremely well on her first day of actual bird hunting. In 2022 UKC rankings, she is Top Ten in her Breed as well as a UKC Total Dog.

Sadly, there are no titles for bringing dead rabbits into the house, but that is yet another accomplishment she achieved last month.

Linda Snider's Lagotto Romagnolo "Enzo" earned Best of Breed and Select Dog at a recent show in Grayslake, IL.

Enzo

'Zoomies'

Adorably Crazy Bursts of Energy

The technical name for zoomies is **FRAPs (frenetic random activity periods)**, defined as **sudden bursts of pent-up energy** that cause dogs to run at breakneck speeds back and forth or around and around, or sometimes, in a tight little circle.
